Technical Skills

Skills: HTML5, CSS3, JavaScript, Typescript, Rearc, Github, V.s Studio,

Experience/Projects

Frontend Developer Internship | Online
Frontend Simplified

● Transformed a completely static HTML, CSS, Javascript and React single page application into an interactive user interface using animations, transitions, and carousels

● Processed API requests with Axios to dynamically represent data from cloud server and represented it through skeleton loading states, pagination and dynamic routing

● Utilized Git version control and the Github interface to work and thrive in a virtual and a collaborative team environment
